

The Textbook Makes Operation Unnecessary

In the early part of the year 1895 my physician said I must undergo a surgical operation in order ever to be well.

While in great fear, and dreading the operation, a kind neighbor called, and after telling me of Christian Science gave me a copy of Science and Health. She said I must put aside all medicine, and by reading faithfully she knew I could be healed. The book became my constant companion, and in a short time I was healed. Besides the relief from an operation, I was completely healed of severe headaches and stomach trouble. Physicians could give me no help for either of these ailments. For ten years I have not used medicine of any kind, and have not missed a Christian Science service on account of sickness during this period. I am perfectly well. To say that I am grateful to God for all this does not express my feelings. The physical healing was wonderful, but the understanding given me of God, and the ability to help others outweigh all else. I also love our dear Leader.
