

## Healed by Reading the Textbook

After doctoring about a year, I was obliged to give up school and was under medical care for two years; but grew worse instead of better. I was then taken to specialists, who pronounced my case incurable, saying I was in the last stages of kidney disease and could live only a short time. Shortly afterward my uncle gave me a copy of "Science and Health with Key to the Scriptures," and asked me to study it. After studying a short time I was able to walk a distance of several miles, which I had not been able to do for three years. I also laid aside glasses which I had worn seven years, having been told I would become blind if my eyes did not receive proper care. It is over a year since I received God's blessing, and I am now enjoying perfect health and happiness. I have never had my glasses on since I first began reading Science and Health, and I have not used any medicine.
