INTRODUCTION – KEY POINTS

So, the people of the world can now determine what those changes are that those in the positions of implementing changes have in store for them. In summary, then, these changes are:

The old world is coming to an end. It will be replaced with a new way of doing things.

The new world will be called the "New World Order."

This new structuring will re-distribute property from the "have" nations and will give it to the "havenot" nations.

The New World Order will include changes:

in the family: homosexual marriages will be legalized; parents will not be allowed to raise their children (the state will;) all women will be employed by the state and not allowed to be "homemakers"; divorce will become exceedingly easy and monogynous marriage will be slowly phased out;

the workplace: the government will become the owner of all of the factors of production; the private ownership of property will be outlawed;

religion: religion will be outlawed and believers will be either eliminated or imprisoned; there will be a new religion: the worship of man and his mind; all will believe in the new religion;

The United States will play a major role in bringing it to the world.

World wars have been fought to further its aims.

Adolf Hitler, the NAZI Socialist, supported the goal of the planners.

The majority of the people will not readily accept "the new world order" but will be deceived into accepting it by two strategies:

1. Those in favor of the changes will have become seated in the very thrones of power, generally without the public realizing that fact;
2. The "old world order" will be destroyed piece by piece, by a series of planned "nibbles" at the established format.

The Communist Party is actively supporting the changes to the "new world order."

The basic tenets of Christianity, which were the base for the "old world order," will have to be eliminated.

If the slower, methodical techniques of change do not function, violence will be introduced and controlled by the planners.

The people of the world will give up their freedom to the "controllers" because there will be a planned famine, or some other serious occurrence, such as a depression or war.

The change to the "New World Order" is coming shortly, perhaps beginning after 1989. However, if that is not the year, it will be introduced one step at a time, so that the entire structure will be in place by the year 1999.
