

Christianity ~ the Structure of Truth and Love

In 1875 Mary Baker Eddy published "Science and Health", and in later editions added "With Key to the Scriptures". The Key decoded the Holy Scriptures of the Christian Bible. This decoding provided the tools to decode the entire universe including all mankind thus enabling a proper ushering in of the millenium.

Science & Health with Key to the Scriptures is the Textbook of Christian Science. Within the Textbook is the complete System, the Platform, the algorithms, the Matrix, and the Model of divine Being. The system is cybernetic.

The platform of 32 planks makes each man, woman, and child the son (sun), or life of the Christ. Standing on this platform of divine Principle, Love, we stand with the government of all creation.

Using this cybernetic system, the Word is the fact of all one good God; the Christ is the activity of the fact; Christianity is the demonstration of this fact, and; Science is the explanaion of the fact. The four-dimentional aspect of the system refers to the four sides of the city in Revelation.

The final edition authorized by its author, Mary Baker Eddy was published in 1910 and purposely without a copyright. This is the edition this website uses in order to maintain total authenticity.

Dr. Albert Eienstien said our textbook contains much more than the Christian Scientist understood. He also said, "Blessed art Thou because everything that really is, is in this Book." "Thou" referred to Mary Baker Eddy and "Book" referred to Science and Health.

We find peace in heaven and on earth in our day, the seventh day of Bible hisory.
