

The One Mind

In Science, Mrs. Eddy says, Mind is one, including noumenon and phenomena, and this Mind dwells in the realm of Mind. From this one Mind proceed infinite ideas, qualities, attributes, and identities, since Mind is the Soul of all. But these identities do not constitute separate entities; they reflect the infinite many-sidedness of the one creative Mind that is All-in-all. *Each one of us has that one Mind that is God*, and this is why Mind is All-in-all, in each one of us, and in all situations. “The kingdom of God is within you” —Jesus. (Luke 17:21)

As we become convinced that there is only one Mind we free ourselves from the hypnotic suggestion of the Adam-dream of mind in matter, and retranslate ourselves into our true being, the one Mind that is All-in-all.

Translated Qualities

Before we conclude our examination of the terms characterizing Mind, let’s briefly return to those qualities we touched upon which we called translated qualities of Mind. Why are they translated qualities, and what does that mean?

Mrs. Eddy always teaches the aim—reality—and the way to reach the aim. She doesn’t just teach the aim, just reality. If she taught only reality as such she would have had to write the textbook exclusively on divine Science and not on Christian Science. She wrote on both, namely, on reality—what reality is—and also how to reach reality.
