

The Blessing

The Solo Committee

I can't help but wonder if there'd been enough blessing
Enough blessing for both brothers what would Esa have done?
Would hatred have stopped before it ever got started?
Would Esau have shared the wealth of eldest son?
We all need the blessing of our father's dear love
We all need the blessing and we all need to bless
We all need the fullness of the blessing that's ours
Thank goodness that our father can never give less

I can't help but wonder if there'd been enough blessing
Enough blessing for both brothers what would Jacob have done?
Would deceit have stopped before it ever got started?
Would Jacob have stayed home and not had to run?
We all need the blessing of our father's dear love
We all need the blessing and we all need to bless
We all need the fullness of the blessing that's ours
Thank goodness that our father can never give less

I can't help but wonder if there's not enough blessing
Enough blessing for all brothers so that war can be done
Can we learn from those brothers that love is the blessing
And in the end what matters is that all men are one?
Let us banish self seeking and self preservation,
Self interest, self pity, self justification, self love,
self will and self condemnation.

Let us say in our hearts I have enough
Can we learn from those brothers that love is the blessing
And in the end what matters is that all men are one.
