Dr. Albert Einstein, Physicist
"Do you people realize what a wonderful thing you have?" (1954). Statement made while exiting a church service.

"To think that a woman knew this over 80 years ago."

"Blessed art Thou because everything that really is, is in this Book."
"Thou" referred to Mary Baker Eddy
"Book" referred to Science and Health

"Christian Science is demonstrable. It is a science that can be proven."

Einstein was genuinely humble and admitted when he saw Christian Science demonstrated it was certainly scientific in principle and was effective when applied scientifically.

Thus, Einstein began to read Mrs. Eddy's writings with "new wonder" and an open mind. His discussions were far apart from "human and scientific ties of the past" he had "bridged the gap" from physics to metaphysics in his own intellectual approach to Christian Science, often using scientific statements he had learned from reading and studying Mrs. Eddy's writings.

Einstein had witnessed several healings, "short of miraculous". He stated that Dr. William Frederick Underwood had healing of effects from radiation exposure while he was working on the Atomic Energy Commission. He was the only one that survived.

Christian Science is Science - Reduction to system SH 146 LN 31-5 Science
Math and music both operate by their respective principles
Divine metaphysics is now reduced to a system, to a form comprehensible by and adapted to the thought of the age in which we live. This system enables the learner to demonstrate the divine Principle, upon which Jesus' healing was based, and the sacred rules for its present application to the cure of disease.

God, Spirit is All-in-all - Spirit the starting-point SH chpt 10 -- 275:6-9 - Science of Being
The starting-point of divine Science is that God, Spirit, is All-in-all, and that there is no other might nor Mind, — that God is Love, and therefore He is divine Principle.

Dr. Robert Putnam <https://mbeinstitute.org/christian-science-author-robert-putnam-biography-and-publication-index/>
Question. — What is the scientific statement of being?
9 Answer — There is no life, truth, intelligence, nor substance in matter. All is infinite Mind and its infinite manifestation, for God is All-in-all. Spirit is immortal
12 Truth: matter is mortal error. Spirit is the real and eternal; matter is the unreal and temporal. Spirit is God, and man is His image and likeness. Therefore man is not material; he is spiritual.

He did not work out our salvation - he did not save us - that is an individual experience
He was the great example for all to follow
John the only disciple loyal - no evidence of his body being found - the other 11 all experienced violent deaths

Christ Jesus worked out his own salvation
-----When speaking of God's children, not the children of men, Jesus said, "The kingdom of God is within you" that is, Truth and Love reign in the real man, showing that man in God's image is within unfallen and eternal. Jesus beheld in Science the perfect man, who appeared to him where sinning mortal man appears to mortals. In this perfect man the Saviour saw God's own likeness, and this correct view of man healed the sick. Thus Jesus taught that the kingdom of God is intact, universal, and that man is pure and holy. Man is not a material habitation for Soul; he is himself spiritual. Soul, being Spirit, is seen in nothing imperfect nor material.
