

FROM THE BIBLE CODE TO THE KEY TO THE SCRIPTURES

Browsing through book stores today, you find shelves of books discussing Spirituality, New Thought, and Self-Help. They all broadcast a similar message. One example of this type of book is from Dan Brown, a popular author, and wrote on the "Bible Code".

Yet, the foundation for understanding spirituality, self-help etc. is found in what has been prophesied in the Bible as the "Little Book". This "Little Book", the book upon which all self-help is based, is directly connected to the Bible and this "Little Book" is practically hidden. This most important "Little Book" is rarely noticed or mentioned when book stores catalog their self-help books. Yet it contains self-help that is unequalled as it explains the Bible.

This "Little Book" was delivered to us by Mary Baker Eddy, a person who walked this earth over a hundred years ago and founded this message in human consciousness. Unfortunately, this message is still mostly unknown even today.

Mary Baker Eddy gave us the First Edition of SCIENCE AND HEALTH in 1875, and by 1910 when she rose from view, she had, step by step, in 432 editions of the "Little Book", raised world consciousness gradually, but so compellingly that her message has literally changed the world.

Mistakenly, the "Little Book", "Science and Health With Key to the Scriptures", is thought of as a religious textbook of a particular sect or religious church body. The fact is that it is the REAL Key to the Scriptures.

Albert Einstein, when referring to the attendants of a Christian Science church in Chicago, referred to the "Little Book" when he said "You people have no idea what is in this book".

Before him an eminent electrical engineer, a student of the study of physical science, Fredrick L. Rawson, wrote a massive volume entitled, "Life Understood", defending Mary Baker Eddy's findings.

Today's scientist speak of matrices and algorithms, referring to the structure or womb from which information springs forth. The real matrix of life is in the "Little Book".

There are many who read and study the "Little Book" who have favorite

passages which have helped and healed, but few know the flow of Life presented, or about the many other books published by spiritually advanced writers which help to explore the deep and vast underlying Science embraced within this 4 by 4 matrix of Divine Life as introduced by Mary Baker Eddy.

Mary Baker Eddy and her "Little Book" are both prophesied in the book of Revelation in the Holy Bible. As her life on earth unfolded, she realized this fact, and very carefully followed Bible prophecy step by step as she lived her way, studying, praying, and healing the sick, and raising the dead.

Having finished her work with the 1910 Edition of the the "Little Book," she founded her symbolic church, as it rose from the City Four square to the Church Universal and Triumphant.

At a meeting of the Christian Scientist Association, April 12.1879, on motion of Mrs. Eddy, it was voted "To organize a church designed to commemorate the word and works of our Master, which should reinstate primitive Christianity and its lost element of healing."

A decade hence, in 1892, the Church Triumphant appeared, "The First Church of Christ, Scientist, in Boston, Massachusetts. It was designed to be built on the Rock, Christ; even the understanding and demonstration of divine Truth, Life, and Love, healing and saving the world from sin and death; thus to reflect in some degree the Church Universal and Triumphant"

"The Comforter" has come. The "Little Book" is here.

The last lesson in Mrs. Eddy's series of Bible lessons for her students is titled "Is The Universe Including man Evolved by Atomic Force?" The "Little Book" has given the answer, "Atomic action is Mind."

In her day few had heard of atomic energy. Today we are fully aware of it, in its counterfeit status, as the belief of a material force that frightens with its potential to destroy all of civilization.

But, Wait! Read the "Little Book". Read it from beginning to end. Eat it up. Digest its message.

It tells you of the power of the Word. The Line of Light. The true power behind all of the positive thinking. The true knowledge of the One God. The SCIENCE of LIFE.
